

Friends of York Walls

The Friends of York Walls invite you to "Sponsor a Stone" in aid of the restoration to public use of Fishergate Postern Tower, and its ultimate opening as a community / visitor centre.

Please complete a "Sponsor a Stone" form, or see the website at <http://yorkwalls.org.uk> for details.

Fishergate Postern Tower - Sponsor a Stone

The Friends of York Walls are seeking to raise funds towards this project by inviting you to "Sponsor a Stone". For a suitable donation you will be allocated a specific and identifiable stone or stones on an outside face of the Fishergate Postern Tower. Your donation and the stone location(s) will be recorded on a certificate which will be given to you, and recorded in a "Book of Sponsors" together with your optional message which will be on display when the tower is eventually opened.

This is a unique opportunity to contribute towards a project to restore one of York's ancient monuments to public use. By sponsoring a stone or stones you contribute towards the Fishergate Postern Tower restoration work. Your sponsorship can be for yourself, is ideal as a gift for someone, or for a significant event or person in your life. The scheme can be used to observe a special occasion such as a birthday, a christening, a wedding, as a memorial or simply to convey a message.

Sponsorship is also being sought from local Businesses and Corporations whose names will be recorded in a "Book of Business Sponsors" and also credited in suitable Friends of York Walls literature, and eventually in a tower display.

Please help us to achieve our aim.
